4 Tips

- 1. Achieve your February business goals by 25 February.** The old Amway website and Business Centres will be closed from **11:30pm 27 February through to 9:00am 3 March.** During this time you can't order products, register new IBOs or see your LOS Map.
- 2. Know your current website login username and password.** Any Amway 'saved passwords' in your internet browser will be lost. Make sure you know your username and password so you can login with no hassles.
- 3. Visit MyBiz today.** Your current LOS Map is changing from what you can see today to what is now in MyBiz from 3 March.
- 4. Enjoy your new Amway website!** It's nice and easy to find your way around but if you need some extra help, that's ok. There is plenty of support available.
